Summer Programs

Students take two or three courses alongside other international students through the Universitat Pompeu Fabra International Summer School. After consulting with your advisor, please choose courses according to the following guidelines:

1. The Spanish Studies Abroad prerequisite for this program is a 3.0 GPA in overall coursework. Some content courses instructed in Spanish may require 4 semesters of college Spanish or the equivalent. Consult the Spanish Studies Abroad website or Bulletin for prerequisites to individual courses.

2. Students must be enrolled in an undergraduate degree program, and have completed the first year, to participate in the Summer Program at UPF.

3. Students must pre-register for a minimum of 3 and a maximum of 9 credits, selecting two to three courses from the Universitat Pompeu Fabra (UPF) International Summer School. There are course offerings in Spanish and English.

4. You may combine 4-week, 2-week or 1-week modules, if scheduling permits.

5. Please visit http://www.upf.edu/internationalsummerschool/academics/upf_courses.html to view course offering descriptions.

6. Please visit https://www.upf.edu/web/barcelonasummerschool/calendar-and-course-schedules to view the 2019 UPF Summer Course Schedule as you make your course selections to avoid schedule conflicts.

7. As you select your summer courses, please refer to the Summer 2019 Class Schedule to avoid schedule conflicts.

8. Please note that enrollment in individual courses, especially language courses, depends upon your score on the Placement Exam at the start of the program.

9. Summer course schedules at UPF are finalized in late spring. When selecting content courses, please indicate two alternates for each course selected.

10. UPF reserves the right to cancel courses due to low enrollment.

11. When reviewing course offerings online, please note that credits follow the ECST system of credits, which differs from the U.S. credit system.
